

A 6x6 grid with numbers and paths. The numbers are placed in the following cells (row, column): (1,3)=3, (1,4)=2, (1,6)=7, (1,7)=4, (2,6)=6, (2,7)=3, (3,1)=1, (3,2)=6, (3,3)=8, (3,4)=2, (3,6)=5, (4,1)=2, (4,6)=8, (4,7)=9, (5,1)=9, (5,5)=5, (5,7)=2, (6,1)=7, (6,3)=1, (6,4)=6, (6,5)=4, (6,7)=9. The paths are gray lines connecting diamond-shaped nodes. The paths form a continuous loop through the grid.
