

A 9x9 grid puzzle. The grid contains numbers and paths. The numbers are placed in specific cells, and the paths are formed by connecting adjacent cells (horizontally, vertically, or diagonally) to form continuous lines. Some cells contain diamond shapes, which are part of the paths.

7	2	1			9		3	
	6		8					
					2		4	
	7						2	5
	2	5		8	3	6		
9	5				7			
			3	9	5			4
