

A 6x6 grid with numbers and a path. The numbers are: Row 1: (1,2)=3, (2,1)=2, (2,2)=5, (6,6)=6, (6,6)=9; Row 2: (1,1)=9, (2,1)=1, (2,2)=3, (2,3)=2, (2,4)=7, (4,4)=5; Row 3: (3,2)=1, (4,4)=6, (5,2)=5, (5,3)=8, (5,5)=7; Row 4: (4,1)=1, (4,2)=8, (4,3)=3, (4,4)=7, (4,5)=4, (6,6)=5; Row 5: (5,1)=1. The path is a continuous line of gray squares connecting the numbers in the following order: 3, 2, 5, 3, 2, 1, 9, 7, 5, 6, 8, 7, 5, 4, 1.
