

A 9x9 grid with numbers and paths. The numbers are placed in the following cells (row, column): (1,1)=2, (1,2)=9, (1,4)=3, (1,8)=8, (2,4)=3, (2,9)=2, (3,1)=7, (3,4)=1, (3,8)=8, (4,2)=2, (4,3)=6, (4,5)=7, (4,6)=3, (4,8)=3, (5,1)=6, (5,2)=5, (5,3)=4, (5,5)=3, (5,6)=1, (5,8)=5, (6,1)=5, (6,2)=4, (6,5)=8, (6,8)=8, (6,9)=7. The paths connect the numbers in a continuous loop: 2(1,1) to 3(1,4) to 8(1,8) to 2(2,9) to 8(3,8) to 3(4,8) to 3(4,6) to 1(5,6) to 8(6,5) to 5(6,9) to 8(6,8) to 4(6,2) to 5(6,1) to 6(5,1) to 2(4,2) to 7(4,5) to 1(3,4) to 3(2,4) to 9(1,2) to 2(1,1).
