

The image shows a 3x3 grid of 9 4x4 mini-grids. Each mini-grid contains numbers 1-5 and grey circles connected by lines. The connections represent a path through the grid cells. The paths are as follows:

- Top-left:** 1 (top-left) connects to 3 (top-left), which connects to 5 (bottom-left).
- Top-middle:** 3 (top-left) connects to 9 (top-left), which connects to 2 (bottom-left).
- Top-right:** 5 (top-left) connects to 7 (top-left), which connects to 1 (top-left), which connects to 4 (top-left).
- Middle-left:** 1 (top-left) connects to 4 (top-left), which connects to 3 (top-left), which connects to 5 (bottom-left).
- Middle-middle:** 9 (top-left) connects to 4 (top-left), which connects to 1 (top-left), which connects to 2 (bottom-left).
- Middle-right:** 5 (top-left) connects to 4 (top-left), which connects to 4 (top-left), which connects to 5 (bottom-left).
- Bottom-left:** 4 (top-left) connects to 1 (top-left), which connects to 2 (top-left), which connects to 5 (bottom-left).
- Bottom-middle:** 4 (top-left) connects to 5 (top-left), which connects to 5 (top-left), which connects to 6 (top-left).
- Bottom-right:** 4 (top-left) connects to 5 (top-left), which connects to 6 (top-left), which connects to 5 (bottom-left).
