

The grid is a 9x9 grid with a 3x3 subgrid pattern. The numbers and circles are as follows:

9	2	5	4					
					6	1		
			1	9				
			5			9	3	
								8
					7			4
4		2				7		6
			7	1	5			1

The puzzle is to determine the value of the circle in the bottom-right cell (row 8, column 9).
